

# HEADWORKS

## VDAPT10 Universal Headwork – 5/8inch (15mm Jumper)

Universal fitment 5/8inch BSP replacement headworks, commonly found in older tapware, with 12mm jumper valve, washer diameter approx 20mm.

Has a squared/flat handle stem.

Use FORPT09 for Replacement 20mm washer and jumper valve.

## VDAPT07 Non Rising Headwork

Non-rising headworks (the handle does not move up or down as the tap is opened and closed).

Has a splined handle stem.

Washer measures approx. 15.8mm outside diameter x 3.0mm thick.

Use FORPT10/VDAPT35 for replacement washer

Has a stainless screw to hold washer, older version uses brass retaining nut.

## FORPT195 Headwork with 64mm Long Spindle

5/8inch (12mm Jumper) Headworks with extended spindle, standard fitment on old FBF3 Basin and FBF6/RBF6 Concealed Bath Faucet

Has a splined handle stem.

Use FORPT09 for Replacement Jumper valve.

## VDAT08 Half Turn Ceramic Headwork

Universal fitment 1/2inch BSP (20mm thread) Half Turn Ceramic replacement headworks. These use ceramic discs instead of rubber washers so typically have a longer life.

Has a splined handle stem.

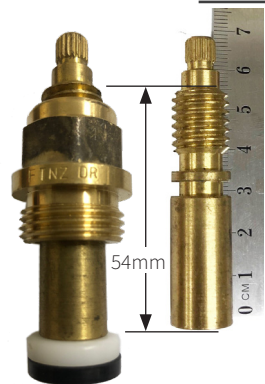

These are non rising headworks.

There are no user replaceable parts so they are replaced as complete units.

Standard fitment in EZYFLO series.

Also available as

**VDAPT70 Left Turn Ceramic Headwork** for Ezyflo series tapware.

## FORPT243 Headwork with 54mm Long Spindle

5/8inch (12mm Jumper) Headworks with extended spindle, standard fitment on old FSC1 Shower taps.

Has a splined handle stem.

Use FORPT09 for Replacement Jumper valve.

# WASHERS

## Filter Side Headwork for FMXF/FMXFG

**FORPT167 - 24mm**  
**FORPT 232 - 17mm**

Two sizes depending on year of manufacture.

There are no user replaceable parts so they are replaced as complete units.

## FORPT09 15 mm Jumper Valve

12mm jumper valve, washer diameter approx 20mm.

Replacement Jumper Valve for FORPT04

## VDAPT35 Euro Standard 12mm BSP Tapwasher - 10 Pack

Replacement rubber tap washers, 15.8mm outside diameter x 3.0mm thick. Fits standard 1/2inch BSP tap headwork (approx 20mm diameter thread size).

Replacement washer for FORPT65/VDAPT07
